

Appendix L
Grazing Allotment Supporting Data

APPENDIX L – GRAZING ALLOTMENT SUPPORTING DATA

L.1 Introduction

Tables L-1, L-2, and L-3 are lists of the grazing allotments crossed by each alternative route for each state. Table L-4 is a list of the grazing allotments crossed by the 345-kilovolt transmission lines between the Clover and Mona Substations. Table L-5 is a list of the grazing allotments crossed by all route variations. This information supports the land use resource inventories and impact assessment. The inventories and analysis are included in the Final Environmental Impact Statement and Proposed Land-use Plan Amendments for the Energy Gateway South Transmission Project Section 3.2.11.

Combined Total		1,606,581	214.0	2,375	984	0.0
NOTES: The agency total allotment acreage and the miles crossed do not equal a sum of each agency's total allotment acreage or miles crossed, due to overlap of allotment boundaries. Also, the combined-total acreage and the miles crossed do not equal a sum of each agency's total allotment acreage or miles crossed due to overlap of allotment boundaries. ¹ Temporary Disturbance: Estimated area of disturbance associated with structure work areas, wire pulling-and-tensioning sites, wire-splicing sites, multi-purpose construction yards, helicopter fly yards, guard structures, and temporary access roads (refer to Table 2-1). ² Permanent Disturbance: Estimated area of disturbance associated with the area occupied by structures-(pads), communication regeneration stations, substations and series compensation stations, and permanent access roads (refer to Tables 2-1, 2-2, and 2-3). ³ All percentages of allotments disturbed are less than 0.1 percent. Due to rounding, the percentages are shown as 0.0 percent. BLM = Bureau of Land Management USFS = U.S. Forest Service

NOTES:

The agency total allotment acreage and the miles crossed do not equal a sum of each agency's total allotment acreage or miles crossed, due to overlap of allotment boundaries. Also, the combined-total acreage and the miles crossed do not equal a sum of each agency's total allotment acreage or miles crossed due to overlap of allotment boundaries.

¹Temporary Disturbance: Estimated area of disturbance associated with structure work areas, wire pulling-and-tensioning sites, wire-splicing sites, multi-purpose construction yards, helicopter fly yards, guard structures, and temporary access roads (refer to Table 2-1).

²Permanent Disturbance: Estimated area of disturbance associated with the area occupied by structures-(pads), communication regeneration stations, substations and series compensation stations, and permanent access roads (refer to Tables 2-1, 2-2, and 2-3).

³All percentages of allotments disturbed are less than 0.1 percent. Due to rounding, the percentages are shown as 0.0 percent.

⁴For the BLM White River Field Office, the unit called "Unallotted" has not been included in the numbers above.

BLM = Bureau of Land Management

USFS = U.S. Forest Service

State Total		102,222	32.6	362	218	0.0
Combined Total		1,088,260	182.4	2,025	1,222	0.0

NOTES:

The agency total allotment acreage and the miles crossed do not equal a sum of each agency's total allotment acreage or miles crossed, due to overlap of allotment boundaries. Also, the combined-total acreage and the miles crossed do not equal a sum of each agency's total allotment acreage or miles crossed due to overlap of allotment boundaries.

¹Temporary Disturbance: Estimated area of disturbance associated with structure work areas, wire pulling-and-tensioning sites, wire-splicing sites, multi-purpose construction yards, helicopter fly yards, guard structures, and temporary access roads (refer to Table 2-1).

²Permanent Disturbance: Estimated area of disturbance associated with the area occupied by structures (pads), communication regeneration stations, substations and series compensation stations, and permanent access roads (refer to Tables 2-1, 2-2, and 2-3).

³All percentages of allotments disturbed are less than 0.1 percent. Due to rounding, the percentages are shown as 0.0 percent.

⁴For the BLM White River Field Office, the unit called "Unallotted" has not been included in the numbers above.

⁵The unit in Uinta-Wasatch-Cache National Forest called "Watershed Closure" has not been included in the numbers above.

BLM = Bureau of Land Management

USFS = U.S. Forest Service

TABLE L-4
GRAZING ALLOTMENTS FOR THE 345KV TRANSMISSION LINES BETWEEN THE CLOVER AND MONA SUBSTATIONS

Allotment	Jurisdiction	Total Acres of Allotment	Miles Crossed	Acres of Temporary Disturbance¹	Acres of Permanent Disturbance²	Percent of Allotment Disturbed³
West Mona (04521)	Bureau of Land Management Fillmore Field Office	15,913	1.2	12	13	>1.0

Variation 1 (Link U428 [3.4 miles])						
Chipman	Uinta-Wasatch-Cache National Forest	4,603	1.1	18	3	0.0
Davis	Uinta-Wasatch-Cache National Forest	5,200	0.9	15	2	0.0
Jacob/Baldy	Uinta-Wasatch-Cache National Forest	11,670	0.5	9	1	0.0
Trail Hollow	Uinta-Wasatch-Cache National Forest	2,687	0.8	14	2	0.0
USFS Total⁵		24,161	3.4	55	9	0.0
Combined Total		24,161	3.4	55	9	0.0

NOTES:

The agency total allotment acreage and the miles crossed do not equal a sum of each agency's total allotment acreage or miles crossed, due to overlap of allotment boundaries. Also, the combined-total acreage and the miles crossed do not equal a sum of each agency's total allotment acreage or miles crossed due to overlap of allotment boundaries.

¹Temporary Disturbance: Estimated area of disturbance associated with structure work areas, wire pulling-and-tensioning sites, wire-splicing sites, multi-purpose construction yards, helicopter fly yards, guard structures, and temporary access roads (refer to Table 2-1).

²Permanent Disturbance: Estimated area of disturbance associated with the area occupied by structures (pads), communication regeneration stations, substations and series compensation stations, and permanent access roads (refer to Tables 2-1, 2-2, and 2-3).

³All percentages of allotments disturbed are less than 0.1 percent. Due to rounding, the percentages are shown as 0.0 percent.

⁴For the BLM White River Field Office, the unit called "Unallotted" has not been included in the numbers above.

⁵The unit in Uinta-Wasatch-Cache National Forest called "Watershed Closure" has not been included in the numbers above.

BLM = Bureau of Land Management

USFS = U.S. Forest Service
